Summary

Aspiring Front-End Developer and B.Sc. IT student with knowledge of HTML, CSS, JavaScript, React.js, and Tailwind CSS. Passionate about building responsive and user-friendly web applications with clean design and modern development practices. Continuously learning new technologies and applying them through real-world projects. Seeking opportunities to gain practical experience and contribute to impactful solutions.

Projects

E-Commerce Website

- Developed a fully responsive e-commerce website with a modern and user-friendly interface.
- Designed product listing, product detail, and shopping cart pages while ensuring seamless performance across mobile, tablet, and desktop devices.
- Implemented interactive UI components and responsive navigation to enhance user experience and accessibility.

Tech Stack: HTML5, CSS3, JavaScript, Font Awesome

Image Search Application

- Developed a responsive image search application that dynamically fetches and displays high-quality images using the Unsplash API.
- Implemented real-time search functionality and a "Load More" feature to enhance user experience and content discovery.
- Built a responsive UI for seamless cross-device experience.

Tech Stack: HTML5, CSS3, JavaScript (ES6), Unsplash API

Portfolio Website

- Built a personal portfolio website to highlight projects, skills, and contact information in a professional format.
- Designed an engaging and responsive user interface focused on accessibility and user experience.
- Implemented interactive features and optimized website performance.

Tech Stack: HTML5, CSS3, JavaScript
